McALISTER'S ALL HEALING!

This remarkable Oldtment contains no Mer-curial or other Mineral substances, and noth-ing can be found in its composition that can injure the tender infant or unduly effect the injure the tender infant or unduly effect the aged or infirm. Being a Vegetable Preparation the ALL HEALING OINTMENT will never injure you, but can be used with impunity by ALL. Its healing powers are wonderful, and the great reputation it has acquired during the past 15 years speaks volumes of praise for its merits. THIS OINTMENT HAS THE POWER TO CAUSE ALL EXTERNAL Sores, Serofulous Humors, Jutaneous Eruptions, Common Itch, Felon and Poisonous Wounds to discharge their putrid matter and a thorough healing process follows. Rurns and Scalds are instantly relieved. Chapped Hands ane Feet, Frosted Limbs and Chilbiains are promptly cured. Salt Rhem, Barber's Itch, Ring Worm, &c., are speedily eradicated. THE BEST REMEDY

Diseases of the Throat and Lungs. In diseases of the pul-AYERS monary organs a safe and reliable remedy is invaluable. A NER'S CHERRY PECTORAL IS such a remedy, and no other so eminently mer-

chemically united, of such power as to insure the greatest possible efficiency and uniformity of results. It strikes at the foundation of all pulmonary diseases, affording prompt relief

PECTORAL ity of results. Itstrikes at the foundation of all pulmonary diseases, affording prompt relief and rapid cures, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it readily. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, and Catarrh, the effects of Ayras's Cherrar Protorat, are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In Whooping-cough and Consumption there is no other remedy so efficacious, southing, and helpful.

Low prices are inducements to try some of the many mixtures, or syrups, made of cheap and ineffective ingredients, now offered, which, as they contain no curative qualities, can afford only temporary relief, and are sure to deceive and disappoint the patient. Diseases of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these diseases may, while so trified with, become deeply seated or incurable. Use Ayer's Cherry Protoral, and you may confidently expect the best results. It is a standard medical preparation, of known and acknowledged curative power, and is as cheap as its careful preparation, of known and acknowledged curative power, and is as cheap as its careful preparation, of known and ingredients will allow. Eminent physicians, knowing its composition, prescribe it in their practice. The test of half a century has proven its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.
